

Laskar Pelangi – The Rainbow Troops

Once you have listened to the song, plan a new video clip for it starring students from our school.

In the right hand column, put your ideas for visual images (eg photos or video footage).

Highlight or circle the Indonesian word in the song that relates to your image to show when the image should start or be emphasised. For example, if you want to show video of someone running, **highlight** the word “Berlarilah” **and** write “video of cross country runners” in the Storyboard column.
